Recruitment Program for Unique International

1. Objective

Unique International needs to hire a **Technical Sales Executive** with:

- CNC / machining knowledge (or the ability to learn fast)
- Confidence to represent the company as the first non-founder hire
- **Ownership mindset**
  Previous attempts have not yielded candidates with the required clarity, mindset, or confidence. There is also a hiring-risk concern: if the candidate fails in 4 months, the company loses approx. ₹2 lakhs.

DeepThought (DT) will provide **consulting**, not recruitment, to reduce this risk by designing a structured selection system, candidate learning modules, and employer branding assets.

2. Scope of Work

A. Selection Process Design

DT will design a role-specific selection process that includes:

1. **Role Blueprint** – responsibilities, KPIs, expectations
2. **Shortlisting Rubric** – criteria for evaluating candidates
3. **Role Assignment / Case Task** – to test mindset, learning ability, and sales approach
4. **Structured Interview Framework** – founder-friendly interview checklist

This enables faster and more accurate evaluation.

B. Candidate Learning Material (Pre-Interview L&D)

To ensure candidates attend interviews with relevant understanding:

1. CNC basics in simple format
2. Product + customer profile explainer
3. Sales process fundamentals
4. Founder expectations and role clarity

This especially helps candidates without prior CNC experience gain confidence.

C. Employer Branding Support

Good candidates evaluate the company before joining. DT will prepare:

1. One-page founder introduction
2. Company profile & future direction
3. Role growth pathway
4. Job description rewritten for clarity
5. Messaging for calls, emails, and candidate conversations

This helps attract candidates who are career-serious.

3. Deliverables Summary

Deliverable	Free Plan	Fresher Plan	Experienced Plan
Hiring Blueprint	✔	✔	✔
Role Blueprint & KPI Mapping	✔	✔	✔
Shortlisting Rubric	✔	✔	✔
Role Assignment	✔	✔	✔ (Advanced)
Candidate L&D Material	✔	✔	✔ (Expanded)
Employer Branding Kit	–	✔	✔ (Advanced)
30-60-90 Day Plan	–	–	✔
Interview Framework	–	✔	✔

4. Pricing Structure

Plan	Best For	Fee	Payment Terms
Free Plan	Founder wants clarity	**₹0**	–
Fresher Plan	Hiring 0–1 yrs candidate	**₹50,000**	₹25,000 upfront + ₹25,000 on joining
Experienced Plan	Hiring CNC-experienced salesperson	**₹1,00,000**	₹50,000 upfront + ₹50,000 on joining

Why upfront fee?
DT builds the selection system, learning modules, and employer branding assets before the hire. This is fixed consulting work, not dependent on number of candidates.

5. What DT Does *Not* Do

To avoid misunderstanding:

- DT is **not** a recruitment agency
- DT does **not** charge per CV
- DT does **not** promise X number of candidates
  Our work is **designing the system** that removes founder risk and improves hiring quality.

6. Expected Outcomes for Unique International

- Candidates arrive with basic CNC knowledge
- Candidates understand the role before interview
- Faster evaluation through clear rubrics
- Reduced risk of a wrong hire
- Better quality talent because employer branding is clearer
- Founder spends less time filtering and explaining

7. Next Steps

If approved, DT will:

1. Conduct a 45-minute requirement mapping call
2. Deliver the role blueprint within 2 working days
3. Deliver full selection system + L&D kit within 5 working days
4. Support the founder through implementation
